## Italians' Eleventh Army Corps routed In Heavy Fighting

**Captured Village Can Dominate Road Leading From Porto Edda To Central Albania—Fall Leads To Withdrawal**

OCRIDA, Yugoslavia (On the Albanian Frontier), Dec. 3.—(AP)—Gradual retirement of the Italian northern army toward Elbasan, in central Albania, continued today under constant harassing by Greek forces driving deep into Albania, border advisers reported.

The Greeks last night were declared to have driven plume-haired Italian bersagliers from the village of Mounulista, north of captured Pogradec, in an operation apparently designed to map out remaining Fascist units along the highway which skirts Lake Ochrida and leads to Elbasan.

By BEN AMES

ATHENS, Dec. 3.—(BUP)—Reports from the front said today that Greek troops have captured a large village dominating the whole south coastal sector of the Albanian front, and have routed and slain the Italian seventh Army Corps.

(The name of the village evidently was censored from the Greek dispatch. The main towns in the sector are Porto Edda, Devlino, Argirocastro and Tepelini. By capturing any one of them the Greeks could dominate the road bending east and north from Porto Edda on the coast to central Albania.)

## CANADIANS MAY SEE ACTION IN MEDITERRANEAN

LONDON, Dec. 3.—(BUP)—High British and Canadian military officers said in London today that they knew nothing of reports that Canadian troops now stationed in Britain would be moved to the Near East. However, reports persisted that British troops would be sent to the Near East, and that the Canadian army would be sent to the Near East.

## CHRISTMAS GIFTS FROM U. S. NOT AFFECTED BY BAN

OTTAWA, Dec. 3.—(CP)—A ban against importation of various commercial articles except when they originate within the Empire will have no bearing on such articles coming to Canada as Christmas gifts from Canada from American friends and relatives.

## Banting Kin Dies

ALLISTON, Ont. Dec. 3.—(CP)—Mrs. Margaret Grant Banting, 66, mother of Sir Frederick Banting, discoverer of insulin, and noted physician, died yesterday.

## U.S. Takes Steps To Help Britain

**Number Of Airplanes Exported Overseas Is Below Expectations**

**At Least 12 Direct Or Indirect Measures Taken To Carry Out President Roosevelt's Assistance Policy**

WASHINGTON, Dec. 3.—(BUP)—The United States has taken at least 12 direct or indirect steps to carry out President Roosevelt's policy of "all aid short of war" for Great Britain, a British Press survey showed today.

But, the survey disclosed, America has failed to measure up to expectations in supplying airplanes—the implement of war most needed by the British. Defense officials conceded that the figure was below expectations, but they said it was correct but were confident that the new year would see the flow of aircraft markedly increased.

Exact figures on aircraft being turned out for Britain in American factories are not available but statistics prepared by the commerce department indicate that published estimates of 200 to 400 airplanes a month are excessive.

The commerce department figures, which include direct and indirect shipments, are accurate, about 31, only 144 planes were shipped to the United Kingdom in the first three months of the year. Officials profess not to know how many of the airplanes are in the hands of the British.

All told, London had four day-light alarms. The principal damage occurred during the first attack when German planes scattered downing clouds and dropped bombs, injuring several persons.

HEAVY GUNFIRE  
Shortly after the night raid began, heavy gunfire was heard in one of the London districts.

The raiders, who recently have been inflicting greater attacks on provincial cities than on the capital, also were reported over South Wales, South-west and Midlands.

After hammering furiously at Bristol last night, the Nazis and Goebbels returned to their attacks on London.

Twice before noon the German trucks at London, and one squadron of raiders dived through a curtain of anti-aircraft fire to a bomb which demolished a number of buildings and caused great damage.

A third alarm, which was followed by the fourth, cleared, sounded during the lunch hour.

THIRD HEAVY ATTACK  
The Nazi night raiders left a trail of destruction in their wake, a vital shipping line. It was the third time in less than 10 days that the port had been attacked heavily.

Two early last week the Germans subjected Bristol to a bombardment which included a heavy attack on the city in ruins and destroyed many of its fine old university buildings.

The ministry of air and home security announced a number of measures to help the public and that damage to houses, public buildings and commercial buildings was "considerable."

Some persons were killed and wounded, the number of casualties was not believed large.

Wreckage was cleared up, scattered points in East London were lit and electricity. Damage and loss were not known.

French Airplanes Reach Gibraltar  
MADRID, Dec. 3.—(CP)—Reports from the Lines on the Gibraltar Islands today said 15 French aircraft were seen in the sky over the island and tonight.

There was no official verification of the reports.

Second Place  
CHICAGO, Dec. 3.—(CP)—University of Alberta today captured second place in judging of Short-horn cattle in 1940.

## FRENCH CREW LEARNS ABOUT LOSS IN WAR

ST. MALO, France, Dec. 3.—(BUP)—The fishing schooner Immaculate Conception, which left St. Malo March 10 for a summer of cod fishing off the Newfoundland banks, returned today, and the crew learned for the first time that France had lost the war and that German troops were in control of the English channel port of St. Malo.

Unluckily, the schooner had run a cargo of fish and cod liver oil home. It was on the way to the coast when the German planes were in the air. The schooner was hit and burned. The crew was rescued and taken to St. Malo.

Incidentally, the schooner had run a cargo of fish and cod liver oil home. It was on the way to the coast when the German planes were in the air. The schooner was hit and burned. The crew was rescued and taken to St. Malo.

Francis Rigby Of Wembley Wins Wheat Championship For Third Straight Year

Wembley Man Captures Championship At Chicago Exposition With His Sample Of Reward Wheat

CHICAGO, Dec. 3.—(CP)—Francis Rigby, 22-year-old University of Alberta student who in the summer helps his father work a 400-acre farm near Wembley in the Peace River district of Alberta, yesterday was crowned "king" of the world for the third successive year at the Chicago international livestock exposition and grain show.

Rigby's third straight triumph eliminated him from competition in the wheat class for the next three years, and gave Canada a "pat" hand of "kings" in wheat, oats, barley, rye and alfalfa at the grain show.

The winning sample of Reward, a hard red spring wheat, exhibited by Rigby, who is striving for scientific agricultural degree, may lead him into the grain research field, which he is studying at the University of Alberta.

Running up to the Wembley farm, where George Hoffman, Jr., of Duff, Col., whose sample of Bluff, Col., wheat won the championship, Holman's exhibit means he is out of the contest.

CANADIAN WINNER  
The other premier Canadian winner was P. T. Trowell of Saskatchewan, who captured the top prize in the wheat class. Trowell's sample of Bluff, Col., wheat won the championship. Holman's exhibit means he is out of the contest.

Rigby, whose wheat is being shown in the grain show here in 1940, has won the championship for the third year in a row. When informed of his report was in Edmonton, he said his name was due to training he received through the Junior Grain Club of Alberta, which he joined in 1937.

He is now studying in second year of agriculture at the University of Alberta.

Rigby's victory was the 12th consecutive wheat title for Canada and the 14th time in the last 40 years.

## PROVINCE IS DEFENDED BY NORTH MEMBER

Athabasca M.P. Resents Observation Of Speakers In Commons

OTTAWA, Dec. 3.—(CP)—Construction of wooden ships to maintain Britain's trans-Atlantic "life-line" was urged upon the government last night by Vincent Potter (Lib., Sherburne-Yarmouth-Cler) during the Throne Speech debate.

The ships could be built in Atlantic coast ship yards as they were in the first Great War, he said.

Reports Britain was losing ship tonnage at the rate of 2,000,000 tons a year was enough proof that the situation was serious, Mr. Potter said. The United States could not hope to replace more than half that deficiency.

In 1915 Mr. Potter said, Canada produced \$7,000,000 worth of wooden ships.

This was increased to \$33,000,000 in 1917, \$74,000,000 in 1918 and \$86,000,000 in 1919.

**COULD BE REPEATED**

In 1914 there were 40 shipyards on the Atlantic coast building wooden vessels and in 1918 there were 250. This expansion was caused by a situation, exactly the same as the one now facing British shipping interests, and could be repeated on short notice, Mr. Potter declared.

At the present time only 800 tons of wooden shipping was under construction in Canada for merchant purposes. This was less than 10 per cent of capacity.

Mr. Potter said wooden ships were much less costly and with Diesel engines could easily maintain convoy speed.

Dr. P. Gauthier (Lib., Portneuf), speaking in both French and English, urged the adoption of a distinctive national flag for Canada.

"A national emblem, a national flag, a completed autonomy, a perfect national unity—and Canada will be a well nation," he said.

Dr. Gauthier said he had interviewed men of the armed forces and was convinced that men would be sufficient for training periods under the compulsory military service regulations. The period now is 30 days.

Mr. Earl Rowe (Con., Dufferin-Simcoe) said that because farmers were the only basic industry asked to produce at less than cost, farmers should be given assurance they would receive cost of production, whether by way of subsidy or some other device.

**DEFENDS ALBERTA**

J. M. Dechene (Lib., Athabasca) said the people of Alberta resented the picture presented by several members who painted it as a country where it was impossible for a man to earn a living. A large proportion of the farmers in that province and in Saskatchewan were doing well.

Before next spring the departments of agriculture, Dominion and provincial, should give the wheat farmers all information possible to encourage them to have greater portions of their farms fallow. This would enable them to clean up their farms and reduce production at a time when the surplus was great.

T. J. O'Neill (Lib., Kamloops) said it was his feeling the people of Canada at this time did not think the present government could be much improved, "at least not from those in the house." The country was fortunate to have a leader like Prime Minister Mackenzie King.

However, he thought the government might well give more consideration to labor and the farmer. Much had been said about equality of sacrifice. Restrictions on use of luxuries introduced in Monday's budget might go some way to it, but he felt the income tax should be lightened as far as low income groups were concerned.

**NOT SATISFIED**

He said the people of Kamloops, which had the most snow in any place in Canada, were not satisfied with explanations given by the defense department concerning removal of troops from Kamloops to New Westminster. It was his understanding that ever since the troops had been moved many of them had been sick.

Mr. O'Neill urged combined military and vocational training for youths leaving school. He suggested such youths be placed in camps for a year. Three months should be devoted to military training and nine months to vocational training in a trade of their own selection.

In this way the government would be getting men trained for war and also for the period of reconstruction which would follow the war.

Mr. O'Neill said the old age pension should be increased because of the rise in the cost of living. He favored free transportation for soldiers going on leave.

## Anglicans Give Support In Aid Of Church Fund

CALGARY, Dec. 3.—(CP)—Back from a three-week visit to the dioceses of the Church of England in Canada, B. Rev. L. Ralph Sherman, Bishop of Calgary, reports a splendid spirit of cooperation in the church's effort to raise its complete apportionment of \$300,000.

Included in this sum is \$60,000 which until the war has come from England for mission work in Canada. Every diocese of the 18 pledged support of the effort he said.

Although scientists have only tabulated 700 of such colors and shades, the human eye is capable of noting differences among 2,000,000 different colors and shades.

## WAR SAVINGS

## COMMITTEE

# An Urgent Message To Every Employer To Every Employee

It is imperative that \$10,000,000 every month be saved from the pay envelopes of wage and salary earners — and invested in War Savings Certificates.

At present, the splendid co-operation of many firms and individuals is resulting in an investment of about \$2,500,000 a month in War Savings Certificates. But with the present course of the war this is not enough — heavier demands for more production require the increased objective of \$10,000,000 a month.

To secure this amount, EVERY employee in Canada must save, and EVERY employer in Canada must encourage his employees to save. This not only applies to those who are sharing in the \$35,000,000 monthly addition to payroll earnings which has resulted from increased business activity during the first year of the war, but to every wage and salary earner in Canada there comes the "Call to Sacrifice".

Some employers are alive to this fact. Many of them are not. Or, if they have the War Savings Plan in operation in their plant or office, their employees are not in it 100%, or are saving in such small amounts as to make it impossible to reach the increased objective of \$10,000,000 each month. This condition must be changed immediately, as only an all-out 100% effort from both employers and employees will do the job required.

This 100% participation must be Canada's answer to Germany, where coercion is used to secure money. We must show the enemy, and show him NOW, that we can do voluntarily what he is doing by coercion.

### Why The Help of Every Employer Is Needed

**FIRST**—Because Canada is at war—a war for survival as a nation.

To carry on this war requires a tremendous production of the sinews of war.

**SECOND**—Because we must not allow our productive capacity to be diverted from our war effort by unnecessary spending.

**THIRD**—Because to the greatest possible extent, employees must be protected against upsetting post-war readjustments.

Remember, War Savings NOW, will provide a vast backlog of purchasing power for ordinary commodities when the inevitable period of post-war readjustment arrives.

To the extent that savings from pay envelopes are mobilized, there will be a curb upon inflation. If employees spend all of their earnings as fast as they get them, there will be rising prices, inflation and the evils that follow.

### How Employers Can Help

Experience shows that the easiest and most convenient way for your employees to save is by a War Savings Payroll Plan. We ask you as an employer — whether you have 5 employees or 25,000—to install such a Payroll Plan; and to see that it is carried out effectively for the duration of the war.

So that employees will understand the need for saving we shall send you at intervals small bulletins to put in pay envelopes, and shall publish advertisements frequently in the press giving reasons for savings, telling where the money goes, and how savings vitally affect our war effort. Factory posters will be supplied at intervals. Honour Roll Certificates will be awarded for achieving 75% to 100% of participation by permanent employees. The necessity for regular saving will be constantly impressed upon every man, woman and child in the country.

You as an employer have a grave responsibility. The leadership in your organization must come from you. We count upon you to give this leadership. To get the plan working efficiently will, we know, involve more clerical work, but we must ask you to consider that as part of your contribution to the nation's war effort.

Nothing is more vital to the successful prosecution of Canada's war effort than the mobilization of the nation's savings. It is a gigantic task, but it must be done. We must not fail. And in the fulfillment of this task Canada is relying upon you to do your part.

W. H. SOMERVILLE and de GASPÉ BEAUBIEN, Joint National Chairmen, War Savings Committee, Ottawa.

## WAR SAVINGS CERTIFICATES

• Provide a safe investment — a direct obligation of the Dominion of Canada.

• Are sold in convenient denominations: \$5 for \$4, \$10 for \$8, \$25 for \$20, \$50 for \$40, \$100 for \$80.

War Savings Stamps provide a convenient method for the purchase of War Savings Certificates by instalments

• Provide a good return — your investment increases by 25% by maturity.

• May be redeemed at option of registered owner, after six months from date of issue at an established scale of values.

If we could sit down as man to man and talk about War Savings, we know that you as loyal men and women would strain every nerve to help us do what it is imperative to do to win this war.

Because, in these days you men and women who are the wage and salary earners are really in the "front line". And you are a mighty important part of that "front line" — as producers and savers.

You are striking Hitler as you carry on with your day-by-day work — keeping up vital production for both war and domestic requirements.

In addition, you fire a shot every time you put a dollar into War Savings Certificates. Because some of you don't quite understand the tremendous importance of this, we are talking it over with you — frankly.

Because to defeat our foes — and make no mistake about this — we simply must count upon the pay envelopes of Canada to produce an investment of \$10,000,000 a month in War Savings Certificates. At present, loyal employees in many firms are saving about \$2,500,000 a month in this manner. But this is not enough, as the course of the war is making heavier and heavier demands for the production of military, naval and air supplies and equipment.

The enemy is coercing his people to raise money. We must show the enemy that we can, and that we will do more by a united voluntary effort than any people can do by coercion.

We can and we shall get \$10,000,000 a month if EVERYONE saves his or her share. There must be no shirking, no putting off, no "letting George do it". If necessary, you must sacrifice in order to save, for therein lies the path of duty and honour.

### Why You Should Save and Lend To Your Country

**FIRST**, because you are helping to build planes and ships — to furnish guns and ammunition.

**SECOND**, because you are building a cash reserve for yourself — for your family — for the "after the war" period.

**THIRD**, because every dollar you spend unnecessarily may take people and machines away from war production and thus help the enemy.

You may ask: "What about the big fellows, what are they doing? What are they getting from them?" Be assured that the government is going after the big money, and getting it. Employers, executives, and wealthy people will tell you that. But, in addition to the big money, you wage and salary earners must lend Canada \$10,000,000 every month.

To buy 25c War Savings Stamps is good; they have their place. Sixteen of these buy a War Savings Certificate. But employees must save in dollars. Stamps alone will not bring \$10,000,000 a month.

No one need go without actual necessities to save, but we urge you not to buy things which compete for labour and materials with war production.

### Save Every Dollar You Can—Lend It To Canada

There's that other vital reason for saving. When this war ends, there will be a period of readjustment. Men who now have good jobs may suddenly find themselves out of work or on short time. Let us hope not. But if you have a substantial sum in War Savings Certificates (accumulated while the war is on), you will be able to "stand the gulf" when industry is changing from a war to a peace time basis. You will be eternally glad THEN that you have saved money NOW.

We have sent to every employer the message you see alongside. When your employer asks you to start saving, or to increase your present savings, co-operate with him.

The following table represents an average basis of saving for a group of employees. These figures are only illustrative, of course, as the amount of saving which is possible will vary according to each individual's family and other economic circumstances.

EARNINGS PER WEEK	SAVINGS PER WEEK	WAR SAVINGS CERTIFICATES PURCHASED PER YEAR
up to \$20	up to \$1.00	\$15 to \$65
over \$20 to \$30	\$1.25 to \$2.00	\$80 to \$130
over \$30 to \$40	\$2.25 to \$3.50	\$145 to \$225
over \$40	\$3.75 to \$9.25	\$245 to \$600*

Men and women, you have a grave responsibility. These are indeed critical times, but Canada has confidence in you. We believe that you, as loyal and courageous citizens, will face the facts. We urge you to save your money and buy War Savings Certificates to see our country through to victory.

By Dorothy Thompson

Can There Be a Peace of \_\_\_\_\_ Hitler would not make peace with \_\_\_\_\_

**Negotiation?**  
Ludwell Denny, writing a series of articles in the Scripps-Howard newspapers, is suggesting that there is an underground movement for a "peace of negotiation" to settle the European situation.

in Europe, and that Mr. Churchill, backed up by the Roosevelt administration, is standing in the way. "But conditions may change."

The peace offensive, according to

Articles like these, plus reports from England of serious damage from bombs and serious shipping losses, undoubtedly awoken in this

A pro-Nazi government in England, entering into a "junior partnership" with the Third Reich would not make peace in the world. It would further pursue the war. And the moment such a "peace" were settled, the United States of America would be in the most hideous danger imaginable. For that

For a group who were counting actively on the collapse of Britain no distant date, and a "New Order in Europe" with which we, then at least co-operate. Indeed, in his Christmas speech last summer, Colonel Bergher recommended that we should recommend that we should establish it will our duty to make a treaty with such abandoning one and for all idea of "partnership" with the United States is, at this moment, serious enough, what would it be with Britain in "partnership" with the Axis? Then, indeed, the careful preparations made in the United

... is much better to examine these

rationally than to denounce  
out of hand. But the first  
ing that must be made clear about  
is that they originate in Berlin  
the great part and parcel of  
diplomatic offensives which  
er long ago and waged by him  
an extraordinary success from  
to 1939.

They are part of his technique  
of "evangelical" victory. From  
they began to win the war.  
repeated hope that just one  
gain would satisfy the Third

that at the right moment, we should  
ret ourselves to the ends and  
of history in an internal revolution!

• • •

The only possible hope for the  
United States to avoid the worst  
catastrophe in the history of the  
nation is to abandon all wishful  
thinking and realize that we must  
not allow Britain to win the war.  
This does not even mean that we  
can guarantee that she, or even we,  
can win it. It means that there  
shall be no peace except a peace

and that war would occur because of the lack of reason on the part of his opponents. And, in fact, the flag has been and is being raised in the world position that it does the Axis.

• • • • •

The only possibility of our avoiding war, yes, the only possibility short of complete capitulation and integration in a world run on the Axis terms and on the Axis terms, is that we can muster that unity, strength, co-operation of resources and production of arms of which we would be capable if we were at war.

are reorganized into a hierarchical structure of Germans on top and lesser races beneath; all existing forms of culture and of law

to stand in the way of our taking the political, diplomatic, propagandistic, military and industrial steps necessary to the realization of our nation, then it would better be abandoned. But it would be far shrewder, wiser and safer not to do so. For it is still quite possible to win the war without it.

But it is not possible if public opinion holds back from the steps which are essential, and which we have not yet taken on anything like a sufficiently comprehensive scale.

## LABOR GIVES APPROVAL OF PAY CONTROL

### Federal Government's Protection Of Workers Appreciated

Appreciation of the federal government's action in protecting labor against contractors paying less than the fair wage rate on government contracts was expressed at the regular semi-monthly meeting of the Trades and Labor Council held at the Labor Hall Monday evening.

The federal government has undertaken to deduct from money to be paid the contract any wage instructed to write the federal government.

Secretary Alfred Farnillo was deduction made from employees' government seeking a statement of government policy for the rehabilitation of members of the C.A.S.F. who are being demobilized owing to ill health and other cause.

Mr. Farnilo was the recipient of congratulations of the delegates on his election to the presidency of the Alberta Federation of Labor.

# Misericordia Hospital Alumnae Entertain At Attractive Affair

FORTY-THREE of the Misericordia Hospital Alumnae Association were guests at a Christmas Eve dinner at the Hotel Macdonald. More than 200 guests attended the affair. # Canadian Housewife To Feel Effect Of Import Prohibitions

OTTAWA, Dec. 3.—(UPI)—Feminine passion for silks, furs and feathers, and many other commodities and compounds designed to make a woman luxuriously comfortable, will be more difficult to obtain as a result of America's import prohibitions.

And even when the Canadian woman is in her kitchen or going about her household duties she may be handicapped. A wide variety of canned goods designed to make preparations of meals simple yet with attractive results was affected in the prohibitions announced in the House of Commons Monday by Finance Minister Laidlaw.

Although Canada produces much of the processed food which may no longer be imported, there will be many delicacies no longer available for mid-week snacks and after-noon teas.

These include fancy fruits, biscuits, confectionery, milk, chocolate and cocoa products, wines and liquors, and numerous delicacies and compounds heretofore imported from the United States.

Canadian products should be able to furnish all the household goods designed to make house-keeping simpler but there will be a scarcity of such imported trimmings as fancy paper napkins, silverware, silverware, glassware and crockery.

CLOTH FABRICS

Clothing and cloth fabrics of all kinds no longer will be imported from other than sterling countries, the same is true of jewelry and precious stones for personal adornment.

And when the housewife desires the latest in fashion, she will find that the magazine and a box of chocolates, the latter will have to be Canadian-made goods, and the magazine of a nature which the revenue minister believes is worth the expenditure of foreign exchange.

By Maurice Dekobra and Leyla Georgie

CHAPTER TWENTY-NINE  
PRINCE VASILYAS' hand shot out, grasped the arm of the Netherlands heroine.

"Quid est?" He divided the Gladys gave a little gasp. "Don't please! You're hurting me!" He released his grip. Looking intently into her eyes, he demanded, "Why did you come here tonight? I told you I was busy. Besides, it is dangerous."

"Dangerous?" How?

"You must know."

"The shock her head."

"I don't care about that. Anyway, that's not the real reason why you told me to stay away? It's another woman. It always is... Who is it this time?"

Involuntarily Vasilyas glanced toward the rehearsal room. He recovered himself.

"Never be jealous, my golden one. It is woman's least becoming fault. But I shall prove your suspicions are as small, unjust. If you will wait only a little while, until I finish this rehearsal, I shall join you."

"Where but our usual place?" He beckoned to the skirted valet, "Bring."

Lady Gladys touched Vasilyas' arm. "You promise?"

"Of course!"

Silently the servant preceded her to the end of the hall. He touched her with his hand and is moved aside, revealing a tiny house elevator. The man stood aside for Lady Gladys to pass. As the lift ascended, the hall hanging bell back into place.

Vasilyas returned thoughtfully to the rehearsal room. A few moments later he was explaining volubly to Brinda the significance of the num-bred squares on the chessboard.

"It simplifies rehearsal greatly," he said, "Merely by remembering a

sequence of numbers. It is impossible to make a mistake. Of course, in actual performance, the numbers will not be visible from the audience. But they will be there... for you and the other dancers to follow."

"It sounds a little mechanical."

"No doubt," he agreed. "But I am sure it will prove helpful, even for you. As for those others," he indicated the girls rehearsing—for them, it is necessary. They would not remember without it."

At the end of a half hour, he was to go. He told Brinda, after escorting her to the door, "There will be another rehearsal the day after tomorrow. May I count on you?"

"I suppose not," said Brinda, a little vaguely. He thoughtfully busy with the problem of her inaudible tone.

"I will phone you to make sure. Goodnight... my premier dancer."

She sank back in the luxurious car cushions. Not until the car had gone several blocks did she notice that the chauffeur was not the one who had driven her before.
